

# ERASE 2R

A completely biodegradable blend of next-generation emulsifying detergents (surfactants) and mild alkaline builders that clean effectively without harming the environment. These revolutionary surfactants are highly concentrated and perform more efficiently than typical detergents. A low to moderate foaming formula, creating less sudsy runoff.

**COMPLETELY BIODEGRADABLE—CONTAINS NO HARMFUL CAUSTICS  
CORROSION INHIBITED—NO HARMFUL VOC'S**

## Directions for Use:

**ERASE 2R** is a ready to use formulation. There is no need to dilute it.

Apply **ERASE 2R** directly to runway/concrete surfaces. Allow a few minutes for it to penetrate, then remove rubber using mechanical brush, sweeper or rake.
