

# ABC ALIVE 1X

Multi-Strain Spore Based Formulation

## GENERAL DESCRIPTION

**ALIVE 1X** is a liquid solution of specially selected multi-cultured bacterial strains. These enzyme catalysts work synergistically for the fastest action available in a liquid digestant using nature's own cleaning agents.

**ALIVE 1X** contains a synergized blend of selectively adapted Bacillus organisms, all of which has been selectively chosen for accelerated degradation capabilities of organic compounds such as grease, fats, proteins, starch, sugars, and cellulose.

### APPLICATIONS

- Grease Trap and Drain Maintenance
- Carpet and Fabric Care
- Odor Control
- RV, Portable, and Chemical Toilets
- Pet and Livestock
- Liquid Compost Accelerator
- Waste Water Treatment
- Broad spectrum organic degradation capabilities
- Improves operational efficiency

### BENEFITS

- Highly effective\* Hard Surface Cleaners
- Extensive stability and shelf life
- Unlimited packaging options
- Eliminates odors & reduces hydrogen sulfide
- Lowers BOD, TSS, COD & FOG
- Reduces organic solids & sludge build-up
- Improves settling & percolation

### SPECIFICATIONS:

Contents: 4 selectively adapted Bacillus strains

- 
- \* Protein digesting bacteria
  - \* Starch digesting bacteria
  - \* Cellulose digesting bacteria
  - \* Fat, Oil & Grease digesting bacteria
- 

### CHARACTERISTICS:

Form:.....liquid  
Color: (N.F.).....straw  
Color: (F).....white  
Odor: (N.F.).....musty  
Odor: (F).....net.gam.  
Viscosity.....cps at 70F=20cps  
Spec. Grav.....1.01 +/- .1  
pH:.....7.0 +/- .5  
Flash Pt:.....none  
Shelf Life:.....24 months

### BACTERIAL COUNT:

ALIVE 1X has an undiluted bacterial count of 100 billion cfu's per gallon.

Each order is batch certified for our customers safety and satisfaction. Bacterial count and Salmonella negative certifications are supplied with each order.

**ALIVE 1X** can provide you with the ability to economically develop a full line of specific or multi-purpose bacterial products.

**ABC ALIVE..SERIES** is also available in the following formats:

- 4X formulated/non-formulated concentrate (to be diluted 3:1)
- 6X formulated/non-formulated concentrate (to be diluted 5:1)
- 10X formulated/non-formulated concentrate (to be diluted 9:1)
- 20X non-formulated concentrate (to be diluted 19:1)
