

DILUTION: 1:32 4 OUNCES PER GALLON OF WATER
(488 ppm Active Quat)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL USE DIRECTIONS

Recommended for use in hospitals, nursing homes, schools, colleges, medical clinics, dental offices, office buildings, hotels, motels, airports, barber/beauty shops, veterinary clinics, federally inspected meat and poultry plants, and households. Cleans, disinfects, and deodorizes floors, walls, metal surfaces, painted surfaces, exterior bowl surfaces, empty basins, showers, conductive flooring, lavatory fixtures, plastic surfaces (such as polypropylene, polystyrene, etc.), and other hard, non-porous surfaces.

APPLICATION: Remove heavy soil deposits from surface. Then thoroughly wet surface with a solution of 4 ounces (1/2 cup) of the concentrate per gallon of water. The solution can be applied with a cloth, mop, sponge, or coarse sprayer, or by soaking. Let solution remain on surface for a minimum of 10 minutes. Rinse or allow to air dry. Rinsing of floors is not necessary unless they are to be waxed or polished. Prepare a fresh solution daily or more often if the solution becomes diluted or visibly soiled.

USDA: For use in federally inspected meat and poultry plants on all hard, non-porous surfaces in inedible processing areas, non-processing areas, and/or exterior areas.

USDA: For use in federally inspected meat and poultry plants as a floor and wall cleaner for use in all departments. Food products and packaging materials must be removed from the room or carefully protected. All surfaces must be thoroughly rinsed with potable water.

TOILET BOWLS: To clean, apply diluted solution around the bowl and up under the rim. Stubborn stains may require brushing. To disinfect, first remove or expel over the inner trap the residual bowl water. Pour in 3 ounces of the diluted solution. Swab the bowl completely using a scrub brush or mop, making sure to get under the rim. Let stand for 10 minutes or overnight, then flush.

MILDEWSTATIC INSTRUCTIONS: Will effectively control the growth of mold and mildew plus the odors caused by them when applied to hard, non-porous surfaces such as walls, floors, and table tops. Apply solution (4 ounces[1/2 cup] per gallon of water) with a cloth, mop, sponge, or coarse sprayer, making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application weekly or when growth reappears.

Respond Concentrate

One-Step Germicidal Cleaner and Deodorant

DISINFECTANT PSEUDOMONACIDAL STAPHYLOCIDAL
SALMONELLACIDAL BACTERICIDAL FUNGICIDAL
MILDEWSTATIC *VIRUCIDAL

A multi-purpose, germicidal detergent effective in the presence of a moderate amount of organic soil (5% serum). Disinfects, cleans, and deodorizes in one labor saving step.

Effective against the following pathogens:

Pseudomonas aeruginosa	*Adenovirus Type 3
Staphylococcus aureus	*Avian influenza
Streptococcus pyogenes	*Bovine rhinotracheitis virus
Enterobacter aerogenes	*Vaccinia
Enterobacter cloacae	*Herpes simplex Type 1
Escherichia coli	*HIV-1 (AIDS Virus)
Klebsiella pneumoniae	*Infectious bronchitis (Avian IBV)
Mycoplasma gallisepticum	*Influenza A/Texas
Proteus mirabilis	*Newcastle disease virus
Proteus vulgaris	*Rubella (German Measles)
Salmonella choleraesuis	
Serratia marcescens	
Shigella flexneri	Aspergillus flavus
Shigella sonnei	Aspergillus fumigatus
Staphylococcus aureus phage 80 & 81	Aspergillus glaucusvar.tonophilus
Staphylococcus epidermidis	Candida albicans
	Trichophyton mentagrophytes

ACTIVE INGREDIENTS:

Didecyl dimethyl ammonium chloride.....0.94%
n-Alkyl (C₁₄ 50%, C₁₂ 40%, C₁₆ 10%)
dimethyl benzyl ammonium chloride.....0.62%
INERT INGREDIENTS:.....98.44%

KEEP OUT OF REACH OF CHILDREN WARNING/AVISO

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. If irritation persists, call a physician. If swallowed, immediately drink a large quantity of water. Get medical attention.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes eye and skin irritation. Avoid contact with eyes, skin, and clothing. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

*Kills HIV-1 (AIDS virus) on pre-cleaned, environmental surfaces/objects previously soiled with bloody/body fluids in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood/body fluids, and in which the surfaces/objects likely to be soiled with blood/body fluids can be associated with the potential for transmission of Human immunodeficiency virus Type 1 (HIV-1)(associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

Personal Protection: Disposable latex or vinyl gloves, gowns, face masks, or eye coverings as appropriate, must be worn during all cleaning of blood/body fluids, and during decontamination procedures.

Cleaning Procedures: Blood/body fluids must be thoroughly cleaned from surfaces and objects before application.

Contact Time: Leave surface wet for 5 minutes at 25 C (room temperature). Use a 10-minute contact time for other viruses, fungi, and bacteria listed.

Disposal of Infectious Materials: Blood/body fluids should be autoclaved and disposed of according to federal, state, and local regulations for infectious waste disposal.

STORAGE AND DISPOSAL

Keep product under locked storage, inaccessible to children. Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by state and local authorities, burn. If burned, stay out of smoke.
